“It is definitely not about the money on their end It is about having a formalized program that works safely and responsibly for all involved including the company, the NWT SPCA, and the animal.. What health documentation is required? While WestJet does not require a health certificate for an animal some States and Countries do require health documents.. All live animals shipped as cargo must be booked and approved in advance by WestJet Cargo.

WestJet doesn't allow big dogs in-cabin — unless their service or emotional support animals — but it is very cheap to check them in a kennel.. And that is not a good option for thosedogs,” the shelter wrote Nicole Spencer, the NWT SPCA’s president and logistics director, said the previous arrangement with WestJet was informal.. “We are working on another program through Westjet Cargo but that will not take effect for several weeks and it will likely be different than what we currently know,” shelter staff wrote, adding the SPCA remained grateful for the airline’s support.. We will provide the live animal declaration form and sticker at the check-in counter upon request.. On Tuesday, the Yellowknife-based NWT SPCA said on Facebook staff understood the decision had come from WestJet’s head office.

The SPCA said it would, if necessary, reimburse the fee volunteers must now pay when they accompany a dog.. We were fortunate to have that relationship for so long,” Spencer wrote to Cabin Radio.. “It was a local agreement with the past manager that carried on over the years with every new manager that took the position.. “If we cannot get dogs out of our shelter then we have to say not to the many dogs waiting to come in. e828bfe731 [Rifter Download](#)] [\[Torrent\]](#)
